

HD 2-Post

12,000 lb., 15,000 lb., & 18,000 lb. capacities

- 1** Allows technician to disengage both columns simultaneously
- 2** Reduces stress on equalization system and provides increased durability
- 3** Lessens column stress by dispersing load
- 4** Accommodate a wide range of vehicle pick up points
- 5** Prevents vehicle damage from being raised too high

The Automotive Lift Institute (ALI) certifies that the Heavy Duty 2-Post Lifts (12000, 15000, & 18000 series) described herein complies with the applicable provisions of the American National Standards ANSI/ALI ALCVT 2006 and are Third Party Validated by the ETL Testing Laboratory.

Maximize Productivity

Our single push button power unit raises lift and a release valve handle lowers it.

Challenger's arm restraints automatically disengage when lift is fully lowered for easy positioning of arms and securely engage when lift is raised.

Turn your lift into a workstation with our optional air/electric service station. (Part#: B10264)

Our single piece adapter organizer prevents adapters from being misplaced.

High Medium Standard

Standard Stack Adapters

Challenger Lifts Heavy-Duty lifts come complete with 4 standard adapters, 4 medium extensions, and 2 high extensions to reach a wide range of vehicle pick up points.
